

Tools of the Trade

Dad always said you need the right tool for the job. At World Precision Instruments, you will find a complete line of tools, including:

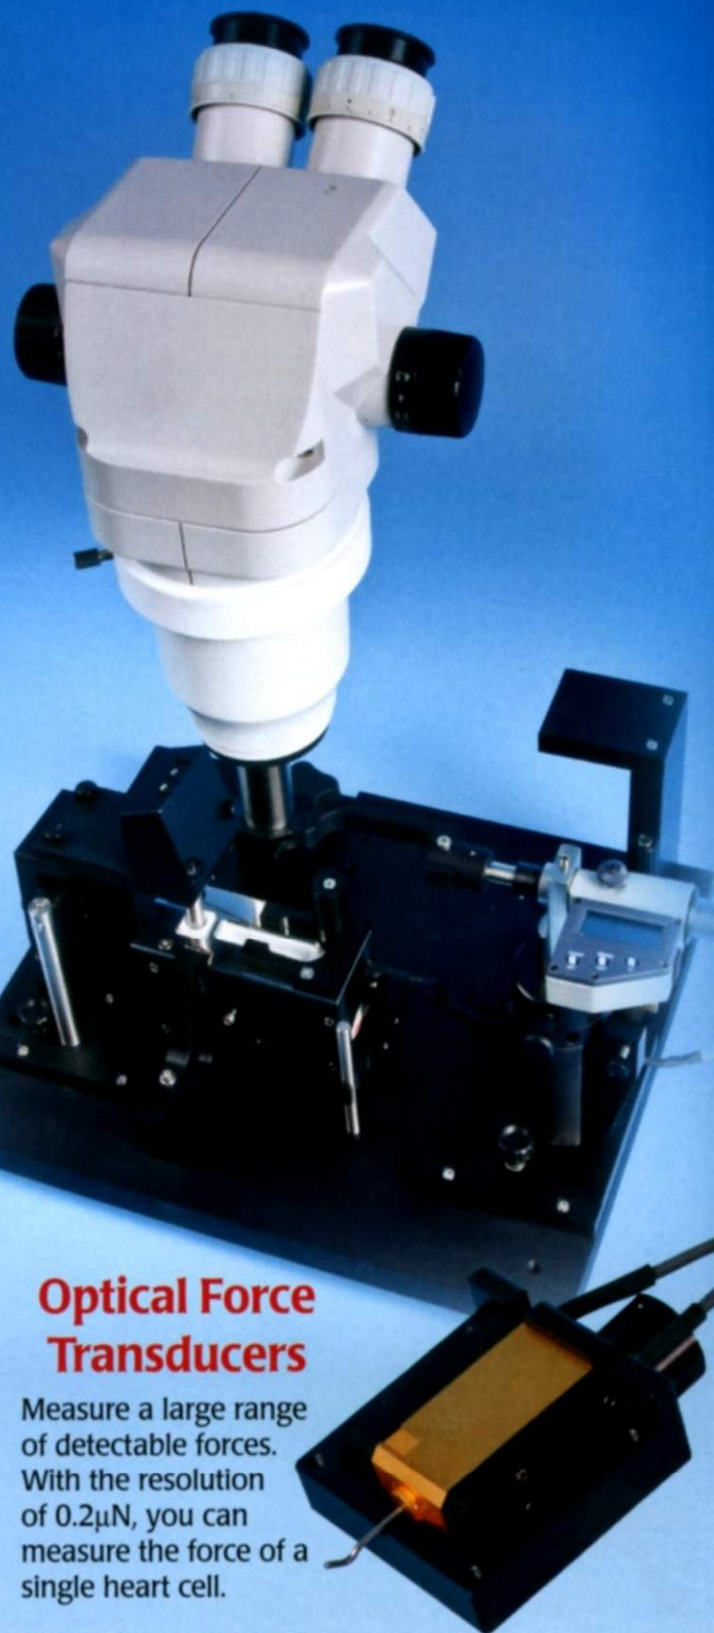

- Muscle Physiology
- Force Transducers
- Microscopes
- Micromanipulator
- Surgical Instruments

If you have any questions, please feel free to contact us

Muscle Tester

For isotonic, isometric and eccentric contraction of intact heart or skeletal muscles, skinned fibers and single cells

- Sarcomere length detection
- Intracellular calcium
- Long-term incubation

Optical Force Transducers

Measure a large range of detectable forces. With the resolution of $0.2\mu\text{N}$, you can measure the force of a single heart cell.

LIFETIME WARRANTY!
